Passionate Frontend developer with experience in different fields: security, medicine, e-commerce, BI, game-dev. Always looking for learning new things. Focused on results with exceptional quality. I create incredible UI interfaces with complicated behaviours

Work Experience

ExpressVPN *06.2022 - Present*
Staff Frontend developer
Warsaw, Poland
|
Senior Frontend developer
Warsaw, Poland

Was involved in the development of the main ExpressVPN products.
Led a product team of 5 which worked on subscriptions module. Maintained the full cycle of feature development, such as ideation and planning sessions, assigning the tasks, communicating with stakeholders and shipping ready code.
Developed and implemented A/B experiments on subscription module.
Migrated a big part of front-end monolith into React/TS stack as a micro-service.

Technologies
Javascript, ReactJS; Typescript; Chakra-UI, Tailwind; HUGO, Slim; Ruby, RoR; Jest, RSpec, VCR; LaunchDarkly; Git submodules, NPM packages, Monorepos; Webpack;

ALTOROS *03.2019 - Present*
Frontend developer
Warsaw, Poland

Worked on a large variety of projects in different fields: AI recognition systems, e-commerce modules, educational applications, landing pages and medical apps. Joined projects in the middle of development, as well as started them from scratch.

One of the last projects was language learning application, developed both on Web and Mobile. Working together with FE and BE implemented a huge number of new features

and improvements. Developed from scratch and then maintained Mobile application on RN. Implemented tools for customer's feedback collection and support.

Technologies
ReactJS, React-Native; Typescript; Redux, ReduxToolkit; Styled-components, SASS; i18n-js, i18next, formatjs; Git submodules, NPM packages; Webpack, Site; Jest, Testing library; Sentry;

PLAYGENDARY *09.2018 - 02.2019*
